artment were verified
section 66 of the new

review of the reports
ngs presented therein

ive verified the assets
property accounts we
verification.

Further, in accordance with the terms of our engagement, we made a general review and test check of the recorded revenues and expenditures and the allocation thereof to funds.

In addition, we reviewed the procedure in effect in various other divisions of the Controller's department, such as the payroll, tax redemption, inheritance tax, bail bonds, and social service divisions, and satisfied ourselves as to the adequacy of the internal check with respect to those functions.

On the foregoing basis, we certify that, in our opinion, the annexed schedules set forth the financial condition of the City and County of San Francisco as at June 30, 1932, and its revenues, expenditures, and surplus for the fiscal year then ended.

LYBRAND, ROSS BROS. & MONTGOMERY.

Accountants and Auditors

To the Honorable Board of Supervisors,
City and County of San Francisco,
San Francisco, California.

In accordance with Resolution No. 514 of your honorable Board, adopted November 21, 1932, we have examined the accounts of the Controller's department of the

CITY AND COUNTY OF SAN FRANCISCO

For the fiscal year ended June 30, 1932

The accounts of the public service enterprises were examined as at that date by other independent auditors, while those of the Treasurer's department were verified as of that date by the Controller's audit staff, in accordance with section 66 of the new Charter.

Our work in connection with these units was restricted to a review of the reports and supporting working papers and a reconciliation of the findings presented therein with the related accounts on the books of the Controller.

With respect to the accounts other than the foregoing, we have verified the assets and liabilities as at June 30, 1932, except that in the case of the property accounts we have accepted the recorded values at June 30, 1931, without verification.

Further, in accordance with the terms of our engagement, we made a general review and test check of the recorded revenues and expenditures and the allocation thereof to funds.

In addition, we reviewed the procedure in effect in various other divisions of the Controller's department, such as the payroll, tax redemption, inheritance tax, bail bonds, and social service divisions, and satisfied ourselves as to the adequacy of the internal check with respect to those functions.

On the foregoing basis, we certify that, in our opinion, the annexed schedules set forth the financial condition of the City and County of San Francisco as at June 30, 1932, and its revenues, expenditures, and surplus for the fiscal year then ended.

LYBRAND, ROSS BROS. & MONTGOMERY.

San Francisco, California, March 29, 1933.

Supplementary Report Upon Examination of Accounts of Controller's Department City and County of San Francisco

For the fiscal year ended June 30, 1932

April 3, 1933.

To the Honorable Board of Supervisors,
City and County of San Francisco,
San Francisco, California.

Dear Sirs:

Under date of March 29, 1933, we submitted a certified report upon our examination of the accounts of the Controller's department of the City and County of San Francisco as at June 30, 1932.

Supplementary thereto we present in the following paragraphs our comments regarding the more important items appearing in the schedules which accompanied that report and such other matters relating to our examination as we believe will be of interest to you.

Scope of Examination: The accounts of the public service enterprises were examined as at June 30, 1932, by other independent auditors, while those of the Treasurer's department were verified as of that date by the Controller's audit staff in accordance with section 66 of the new Charter.

Our work in connection with these units was restricted to a review of the reports and supporting working papers and a reconciliation of the findings presented therein with the related accounts on the books of the Controller.

With respect to the accounts other than the foregoing, we have verified the assets and liabilities as at June 30, 1932, except that in the case of the property accounts we have accepted the recorded values at June 30, 1931, without verification.

Further, in accordance with the terms of our engagement, we made a general review and test check of the recorded revenues and expenditures and the allocation thereof to funds.

In addition, we reviewed the procedure in effect in various other divisions of the Controller's department such as the payroll, tax redemption, inheritance tax, bail bonds, and social service divisions, and satisfied ourselves as to the adequacy of the internal check with respect to those functions.

The office of Controller was created by the new Charter, effective January 8, 1932, with greatly amplified responsibilities and directional functions, as compared with the former office of auditor. Considering the many problems of reorganization with which he has necessarily been confronted, and the comparatively short time since his appointment, the Controller, in our opinion, has made commendable progress in carrying out the provisions and intent of the new Charter. A comprehensive revision of the chart of accounts and accounting procedure is now in progress.

Necessary adjustments, as indicated in the Controller's report submitted under date of November 14, 1932, are being recorded on the Controller's books.

Revenues, Expenditures, and Current Proprietary Surplus: Following is a condensed summary for the year ended June 30, 1932, details of which will be found in the schedules accompanying our certified report. This summary has been prepared in accordance with the provisions of section 80 of the new Charter:

Current proprietary surplus, June 30, 1931, as per annual report of the Auditor.....	\$498,635.28
---	--------------

Revenues:

Taxes and licenses.....	\$34,192,210.70
State subventions	3,590,793.21
Departmental revenues	1,251,999.37
Public service enterprises.....	15,390,940.21
Interest, rents, fines, etc.....	359,867.49
	<hr/>
Total revenues	\$54,785,810.98
Other additions to surplus.....	6,022,887.86
	<hr/>
	60,808,698.84

Expenditures:

Operating expenses:	\$61,307,334.12
General City and County.....	\$33,068,175.75
Public service enterprises.....	12,271,566.47
	<hr/>
	\$45,339,742.22
Bond maturities, including those of July 1, 1932.....	4,426,100.00
Additions to property from revenues...	3,919,415.19
Interest on Hetch Hetchy construction bonds	2,118,204.16
	<hr/>
Total expenditures	\$55,803,461.57
Other deductions from surplus.....	1,579,915.80
	<hr/>
	57,383,377.37
Current proprietary surplus, June 30, 1932	<hr/> <hr/> \$3,923,956.75

Of the foregoing surplus of \$3,923,956.75 as at June 30, 1932, there had been appropriated \$2,677,677.96, leaving an unappropriated balance of \$1,246,278.79, as shown in the following summary:

Appropriated surplus:

Encumbrances	\$ 1,049,129.94
Less, proprietary accounts payable in- cluded therein	178,270.04
	<hr/>
	\$ 870,859.90
Unencumbered balances of appropriations.....	1,671,214.08
Reserve for cash other than Treasurer's cash.....	135,603.98
	<hr/>
Total appropriated surplus.....	\$2,677,677.96
Available current proprietary surplus, as shown on pre- ceding page	3,923,956.75
Unappropriated current proprietary surplus as at June 30, 1932.....	<hr/> <hr/> \$1,246,278.79

PROPRIETARY BALANCE SHEET COMMENTS.

The following paragraphs relate to various items appearing on the proprietary balance sheet which accompanied our certified report and further indicate the scope of our examination:

Cash: We reviewed the report and working papers covering the examination which the Controller's audit staff made of the Treasurer's department as at June 30, 1932, and satisfied ourselves that the work had been performed in a proper manner. The report indicates that the Treasurer has substantially complied with the legal requirements that, in placing funds with depositaries, he obtain in each case col-

lateral security having a market value of not less than ten per cent in excess of the amount of the deposits, and that interest be regularly collected at the rate of two per cent or more on the average daily balances on deposit.

Revolving funds in the custody of the various departments were confirmed by correspondence.

Accounts Receivable: A summary of the taxes and assessments receivable follows:

Delinquent taxes:

For the fiscal years:

1931-32	\$ 718,830.52
1930-31	237,659.76
1929-30	105,666.31
1928-29	47,709.09
1927-28	21,373.19
Prior	17,500.42

\$ 1,148,739.29

Penalties, costs, and interest..... 204,576.55

\$ 1,353,315.84

Less, allowance for losses..... 100,000.00 \$1,253,315.84

Assessments:

Sunset Tunnel	\$ 246,829.95	
Twin Peaks Tunnel.....	8.74	246,838.69

\$ 1,500,154.53

The taxes and assessments were verified by reference to the supporting records. Included therein are unsecured personal property taxes, as follows:

Fiscal year 1930-31.....	\$41,241.23
Fiscal year 1931-32.....	36,472.97

\$77,714.20

Revenues accrued consist of the following general City and County items:

State subventions:

County roads	\$438,916.17	
Orphans and half-orphans.....	74,919.29	
Widows' pensions	50,087.67	
Tubercular patients	32,129.91	
Needy blind	16,961.75	
Needy aged	85,608.34	
Fire boats	41,286.56	\$739,909.69

Franchise revenues:

Pacific Telephone and Telegraph Co....	\$195,475.67	
Market Street Railway.....	70,933.30	266,408.97

Interest accrued:

On investment securities.....	\$148,572.12	
On bank deposits.....	1,830.18	150,402.30

Other revenues accrued..... 2,000.00

\$1,158,720.96

The amounts receivable for State subventions are in agreement with copies of claims on file against the State and/or subsequent collections.

Franchise revenues were verified by reference to the supporting data on file and by correspondence with the franchise holders.

As pointed out by the Controller in his letter of January 6, 1933, addressed to the City Attorney, the franchise of the California Street Cable Railroad Company, which operates the California Street and Hyde street lines, expired February 17, 1929. The last payment received from this company covered franchise taxes for the calendar year 1928. The city has been negotiating for the purchase of the property and meanwhile the company has paid no franchise taxes.

Interest accrued on investment securities consisted principally of interest on bonds belonging to the Employees' Retirement Fund.

Other accounts receivable are herewith summarized:

General City and County:

Due from municipal employees' contributions to Unemployed Fund.....	\$34,112.31
---	-------------

Public Service Enterprises:

Water Department:

Consumers and agents.....	\$493,150.46	
Sundry debtors	8,858.62	
		\$502,009.08

Hetch Hetchy Power:

Pacific Gas and Electric Company, agents	\$188,672.89	
Sundry debtors	1,434.22	
		\$190,107.11

Municipal Railway, sundry debtors.....	9,086.29
--	----------

Hetch Hetchy construction, sundry debtors	4,955.50
---	----------

\$740,270.29

The balance due from the municipal employees' contributions to Unemployed Fund represents advances by the City and County for relief of unemployed, the major portion of which has since been collected.

Investment Bonds: A summary follows:

	Par Values	Book Values
Employees' Retirement Fund:		
Government and municipal:		
San Francisco	\$2,525,400.00	\$2,582,989.05
Sacramento	416,000.00	459,148.32
Stockton	194,000.00	212,007.67
California	577,000.00	595,770.77
United States	424,000.00	419,886.87
Other	3,251,687.50	3,468,520.80
	\$7,388,087.50	\$7,738,323.48
Public Utilities	2,730,500.00	2,782,130.63
Railroads	819,100.00	807,232.84
Total Employees' Retirement Fund.....	\$10,937,687.50	\$11,327,686.95
Bequest Funds	130,000.00	132,081.09
	\$11,067,687.50	\$11,459,768.04

These bonds are kept in the joint custody of the Controller and the Treasurer. The aggregate of the par values was verified by the Controller's audit staff and we were informed that the maturities of the various issues would be verified at the next audit of the accounts of the Retirement System Board.

Since the foregoing bonds were purchased for investment purposes only, we have not attempted to determine their market values. None of the bonds were in default as to interest or principal at June 30, 1932.

Properties: A summary of the property accounts will be found on page 14 of our certified report.

We examined vouchers supporting a substantial amount of the recorded additions to the general City and County properties during the year and found that these additions represented proper capital charges.

Following the accepted practice in municipal accounting, no allowance has been made for depreciation of general City and County buildings and equipment. However, depreciation has been provided for on the properties of the public service enterprises.

We inquired regarding insurance on the properties and found that the Controller is now making a general survey of all departments with the intention of recommending a centralized insurance department. We therefore did not review the insurance coverage.

Deferred Charges: A summary of the materials and supplies follows:

General City and County:

Schools	\$100,720.34
Fire Department	94,447.88
Recreation Department	9,725.00
Central warehouse	5,468.05

\$210,361.27

Public Service Enterprises:

Water Department	\$242,871.91
Municipal Railway	171,436.98
Hetch Hetchy Power.....	53,972.51

468,281.40

\$678,642.67

The last physical inventory of school supplies was taken March 15, 1932, and the books were adjusted thereto.

The Fire Department last took a physical inventory on June 30, 1931, at which time the books were brought into agreement therewith. So far as we were able to determine, no recent physical inventory has been taken by the Recreation Department. The Central Warehouse supplies were inventoried as at April 30, 1932, and the values so determined were set up on the books, which previously thereto had contained no inventory account for these supplies. No inventory of the Central Warehouse supplies was taken as at June 30, 1932.

From a review of the controlling accounts covering the general City and County materials and supplies, it appeared to us that the receipts and issues had been properly recorded. As a check on the accuracy of the accounting, we recommend that physical inventories of all departments be taken periodically, or at least at the close of each fiscal year, and the books brought into agreement therewith. The Controller notified the Purchaser of Supplies that inventories for all departments were to be taken as at June 30, 1932.

The amounts of \$665,937.63, \$371,971.26 and \$398,392.44, shown on the balance sheet which accompanied our certified report, as deferred charges for Police Relief and Pension Fund Contributions, Tax Judg-

ments, and Voting Machines, respectively, are offset by liabilities of equal amounts and will be charged to expense as the liabilities are paid.

Other deferred charges include the following:

General City and County:

Interdepartmental:

Service transfers	\$178,801.65
Undistributed expenses	26,748.23

\$205,549.88

Miscellaneous	7,148.81
---------------------	----------

\$212,698.69

Public Service Enterprises:

Water Department:

Prepayment to East Bay Municipal Water District	\$146,250.00
Property abandoned	55,779.90
Miscellaneous	9,178.15

211,208.05

Hetch Hetchy Power:

Railroad Commission valuation.....	\$220,883.88
Miscellaneous	18,109.85

238,993.73

Municipal Railway:

Prepaid rent	\$5,169.56
Accident reserve	9,678.71

14,848.27

\$677,748.74

The general City and County deferred charges were verified by reference to the Controller's records and supporting data.

Our examination of the interdepartmental service transfers developed that this item included completed jobs, practically all of an expense nature, amounting to some \$145,000. Of that amount, approximately \$70,000 had been taken up as at June 30, 1932, by the departments receiving the services, and warrants issued therefor, which were outstanding at that date. For the purposes of our report, we gave effect to a similar disposition of the balance of the completed jobs by setting up a reserve of \$75,000.00 on the balance sheet with a corresponding charge to miscellaneous expenditures for the year.

Accounts Payable: We verified the outstanding warrants by reference to the warrant registers, which we found to be in agreement with the controlling account in the general ledger.

The accrued bond interest payable as at June 30, 1932, was verified by a review of the accruals and of the payments made for redemption of coupons maturing during the year ended that date.

A summary of the other accounts payable follows:

General City and County:

Due Golden Gate Bridge and Highway District	\$23,436.51
--	-------------

Public Service Enterprises:

Hetch Hetchy Water:

Estimated contract progress.....	\$466,476.22
Contract payments retained.....	159,508.41
Purchase orders outstanding.....	130,322.46
Other accounts payable.....	292,780.97

1,049,088.06

Water Department:

Consumers' deposits	\$22,896.06
Consumers' advances for construction..	22,628.18
Other accounts payable.....	54,610.25

100,134.49

Municipal Railway, sundry creditors....

96,744.25

Hetch Hetchy Power, sundry creditors..

26,915.54

\$1,296,318.85

We verified the balance due Golden Gate Bridge and Highway District by correspondence with the auditor of that district.

Bonded Indebtedness: A schedule of bonded indebtedness will be found on page 12 of our certified report.

We reviewed the issues and retirements recorded on the Controller's books for the fiscal year ended June 30, 1932, and reconciled them with the records of the Treasurer's department. We satisfied ourselves that these transactions had been authorized by the Board of Supervisors and that they had been approved by proper legal authority.

Bonds redeemed and cancelled during the year were on hand and were inspected by us and compared with the records.

The bonded debt is segregated on the balance sheet which accompanied our certified report, as follows:

Current accounts:

Bonds matured, including maturities of July 1, 1932..\$ 3,185,000.00

Capital accounts:

Bonds maturing subsequent to July 1, 1932..... 158,721,200.00

\$161,906,200.00

It has been the practice, heretofore, to provide for bond redemptions by setting up a monthly reserve out of current surplus, commencing one year in advance of the maturity dates of the bonds. However, no corresponding reduction of the liability carried in the capital section was recorded until the redemptions were made. Moreover, the accrual method referred to above did not conform to the basis on which redemptions are provided for in the annual budget.

In order to correct the duplication of the liability and to conform to the redemption basis used in the Budget, we restated the bonded indebtedness on the balance sheet as summarized above. The resulting increases in the surplus accounts were as follows:

Current surplus, for correction of provision to maturity

basis used in Budget.....\$ 733,499.81

Capital surplus, for duplication of liability..... 3,185,000.00

Total increase in surplus.....\$3,918,499.81

Sections 103 and 104 of the City and County Charter provide that the bonded debt outstanding, exclusive of:

- (a) Debt incurred for the purpose of financing public improvements, the cost of which is to be assessed against private property benefited thereby;
- (b) Debt incurred for water supply, storage or distribution purposes;
- (c) Debt heretofore incurred in aid of the Panama-Pacific International Exposition;

shall not exceed 12 per cent of the assessed value of all real and personal property in the City and County subject to taxation for City and County purposes.

The tax roll of March, 1932, shows the following assessed values of property subject to taxation for City and County purposes:

Real property:

Land	\$ 341,570,705
Improvements	353,513,845

\$695,084,550

Tangible personal property:

Secured	\$26,167,793
Unsecured	69,041,268

95,209,061

Intangible personal property:

Solvent credits	\$116,531,852
Securities	142,695,341

259,227,193

\$1,049,520,804

The bonded debt subject to the 12 per cent Charter limit is determined as follows:

Bonded debt, June 30, 1932..... \$161,906,200
Deduct, bonded debt to which the 12 per cent limit does not apply:

Hetch Hetchy bonds	\$71,303,000
Spring Valley bonds	39,000,000
Exposition bonds	1,406,000

111,709,000

Bonded debt subject to the 12 per cent limit

\$50,197,200

From the foregoing it will be seen that the bonded debt subject to the Charter limit represents approximately 4¾ per cent of the assessed value of real and personal property subject to taxation for City and County purposes, as compared with the Charter limit of 12 per cent.

Bonds authorized but not issued at June 30, 1932, amounted to \$5,057,000, as shown in the following summary:

General City and County	Authorized	Issued	Unissued
Boulevard11/1/27	\$9,380,000	\$8,676,000	\$ 704,000
Sewer 1/1/29	2,200,000	1,604,000	596,000
Hospital 1/1/29	3,500,000	2,380,000	1,120,000
County Jail 1/1/31	850,000	60,000	790,000
Public parks & squares 2/1/31	1,400,000	1,000,000	400,000
			<u>\$3,610,000</u>

Public Service Enterprises:

Hetch Hetchy	7/1/28	24,000,000	23,576,000	424,000
Hetch Hetchy	6/1/32	6,500,000	5,477,000	1,023,000
				<u>\$1,447,000</u>
				<u>\$5,057,000</u>

These unsold bonds were in the custody of the Treasurer and were verified by the Controller's audit staff.

Liability for Special Trust and Funds: We reviewed the terms of the various trusts and analyzed the accounts for the year, which appeared to be in order.

Under the provisions of the new Charter, which became effective January 8, 1932, members of the Police Department as at that date were given the privilege of becoming members of the Employees' Retirement System, which took over the functions previously exercised by the City and County in respect of pensions. In addition to other obligations assumed by the City and County in connection with the establishment of the Employees' Retirement System, the Charter provides that the City and County shall pay over to the retirement system a sum equal to the contributions, with interest, made to any other pension funds by members of the Police Department who become members of the Retirement System. The amount of such accumulated contributions, with interest, as at June 30, 1932, was \$665,937.63, which has not been paid and for which no liability has been provided on the Controller's books. On the balance sheet which accompanied our certified report, we increased the liability to the Employees' Retirement Fund to include this amount and set up a deferred charge of an equal amount.

The Firemen's Relief and Pension and Police Relief and Pension funds showed deficits of \$172,387.88 and \$103,235.58, respectively, as at June 30, 1932.

The cash and securities belonging to the special and trust funds were in the custody of the Treasurer and were verified by the audit staff of the Controller.

Other Liabilities: A summary of the other liabilities follows:**Voting machines purchase contract:**

Principal	\$384,054.41
Accrued interest	14,338.03
<u>\$398,392.44</u>	

Judgments against the City and County for taxes illegally

assessed	371,971.26
<u>\$770,363.70</u>	

The first item represents a balance due the Automatic Voting Machine Corporation of Jamestown, New York, on purchases of voting machines, and was confirmed by correspondence with the vendor.

The liability for tax judgments was verified by reference to the records of the City Attorney and represents principal only. These judgments bear interest at the rate of 7 per cent per annum, which is charged to expense as paid.

Reserves: A summary follows:**General City and County:**

Work in progress	\$295,529.92
Interdepartmental service	75,000.00
Donations received for specific purposes	<u>46,555.94</u>

\$417,085.86

Public Service Enterprises:**Depreciation and amortization:**

Municipal Railway	\$4,970,387.56
Hetch Hetchy Power	941,583.18
Water Department	140,000.00

6,051,970.74

\$6,469,056.60

The reserve for work in progress covers the cost of uncompleted jobs carried in the current accounts ledger. As these are completed the final costs will be transferred to the property accounts in the capital ledger.

The reserve for interdepartmental service has been commented upon previously in this report.

The reserve for donations covers cash received for specific purposes. This was later transferred to the special and trust fund accounts ledger.

Deferred Credits: A summary follows:**General City and County:**

Taxes collected in advance	\$1,764,079.87
Sundry items	4,454.65

\$1,768,534.52
Public Service Enterprises:**Water Department:**

Rents collected in advance, insurance reserves, etc.	\$73,744.06
Hetch Hetchy Power	3,236.46

\$76,980.52

\$1,845,515.04

The taxes collected in advance were verified by reference to the records of the Treasurer and the Assessor and will be taken up in the revenues for the fiscal year ending June 30, 1933, to which they apply.

Official Bonds: The new Charter provides that surety bonds shall be furnished as follows:

Mayor	\$ 25,000
Treasurer	200,000
Controller	100,000
Tax Collector	100,000
Assessor	50,000
Sheriff	50,000
County Clerk	50,000
Public Administrator	50,000
City Attorney	10,000
District Attorney	10,000
Public Defender	10,000
Supervisors (each)	5,000

We inspected all of these bonds and confirmed them by correspondence with the surety companies.

In addition to the foregoing, all employees who handle cash or securities, and various others holding positions of responsibility or

trust have furnished bonds ranging from \$1,000 to \$50,000, depending upon their responsibilities. These bonds were also inspected and confirmed by us.

In closing, we wish to express our appreciation to the Controller and his staff for their cooperation and the many courtesies extended to us during the course of our examination.

Very truly yours,

LYBRAND, ROSS BROS. & MONTGOMERY.
